Dear Sir/Madam,

We would like to introduce you to BarCamp Canterbury, an unconference in the heart of historic Canterbury. BarCamp Canterbury, is and will always be free, but this does mean we do rely on the kind sponsorship of companies like yours to run each year. As we enter our 5th year, we are still are still amazed by the generosity of people and companies that enable us to host such a great event and provide so much fun for local geeks and hackers.

This year's event will a day of talks and hackery hosted within the summer holiday (June). We are hoping that the event will be hosted in Woolf college, which has a been a great venue for the last three years.

As a sponsor you will get advertising space on our website, shout-outs on our social media streams, and shout-outs at the event for the item you sponsored.

The areas below are items we really need help with:

- Refreshments Sponsor (To keep everyone fueled with tea, coffee, and something stronger for the after party) - £500
- Meal Sponsor (So many great talks creates large appetites) - £250
- Session Sponsor x2 - £100
- Micro Sponsor - £50

Any sponsorship over £100 will also get space for a pop-up stall during the event.

Can't support us financially? We also love freebies, and so do our delegates!

If you are interested in supporting BarCamp this year then please drop us an email at contact@barcampcanterbury.com.

Sincerely,
The BarCamp Canterbury team.
